

# 1443 Conestoga Trace

## \$369,000

Quietly hidden in Homestead Subdivision this 4-5 bedroom home brings the outdoors in! Full of natural light the large great room is open to the dining and kitchen areas. Designed for all levels of comfort the formal living room and dining room provide for additional entertainment areas, plus living areas on lower and upper levels. An all season's room allows for great viewing of wildlife in your private backyard. The large main level master suite even has a private balcony! Recently updated granite countertops in the kitchen and new tile in the master bathroom really bring the wow factor to this spectacular family home! For more information please call R.G. Mongler Real Estate at (660)-263-3232.
